

JACOB SMILEY

Associate. AIA, WELL AP

Hello! I'm a recent M.Arch graduate from Tulane School of Architecture. Originally from the San Francisco Bay Area, I believe that my experiences, whether they be personal, academic, or professional have shaped me into a skilled, thoughtful, and balanced individual with a passion for solving problems through design.

EDUCATION

Tulane University | School of Architecture

2015 - 2020 | GPA: 3.51

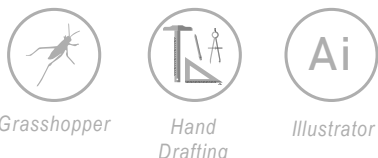

Master of Architecture

Bachelor of Architecture + Urban Studies Minor

Pantheon Institute | Rome

Fall 2018 | study abroad

SKILLS

EXPERIENCE

NANO LLC | New Orleans, LA

2020 - | Designer I

Major contributor to the design team ultimately awarded the renovation of New Orleans' Ernest Morial Convention center, a contract in excess of \$500 million. Additionally, completely reinvigorated the firm's sustainable design initiative by overseeing the implementation of Rhino and grasshopper into the workflow.

Digital Output Lab | Tulane University

2019 - 2020 | Manager + 2017 - 2019 | Worker

Oversaw and supervised a group of 10-12 employees and worked closely with university faculty members to manage inventory, scheduling, and budgeting for Tulane's Digital Output lab in addition to operating and troubleshooting the school's large-format printers, 3d printers, and laser cutters.

ArchiLOGIX | Santa Rosa, CA

2016 - 2019 | Architectural Intern

Collaborated directly with firm principals as well as project managers on all aspects of the design process with an emphasis on BIM, CAD drafting, and master planning. Worked on projects ranging in scale and program from an artisan craft space for a beekeeper, to a 60-million-barrel brewery, to vision planning for small towns in Northern California.

HOBBIES

ACCOMPLISHMENTS

Tulane School of Architecture | Outstanding Thesis Award

Recognized by Tulane School of Architecture faculty for exemplary achievements in thesis study.

Archinect Feature | Restorative Forestry

Featured as part of a series of publications exploring exceptional student work.

Little Big Loo Architecture Competition | Finalist Entry

My teammate Abby Boedigheimer and I designed a top proposal for Volume Zero's "The Little Big Loo: Rethinking Public Toilets 2020 Architecture Competition."
